Cultural and Creative Sectors Guarantee Facility
Indicative Term Sheet**

Important Disclaimer

This summary term sheet is for information purposes only. This document is an outline of the principal terms and conditions for the product described herein, which are subject to change and non-exhaustive.

This document is intended to provide a basis for discussions and does not constitute a recommendation, a solicitation, an offer or a binding commitment – either implicit or explicit – on the part of the European Investment Fund (“EIF” or the “**Relevant Entity**”) and/or or any other person to enter into one or more transaction(s). Any finance commitment by the Relevant Entity can only be made, *inter alia*, after appropriate approval, conclusion of legal due diligence and finalisation of the required legal documentation. The Relevant Entity does not act as adviser to you or owe you any fiduciary duty. The Relevant Entity does not make any representations or warranties (whether explicitly or implicitly) with respect to the information contained in this document.

Overview of the Capped Counter-Guarantee

The credit risk protection shall be provided through a Counter-Guarantee which shall be issued by EIF acting on behalf of the European Commission for the benefit of a Financial Intermediary (the “Financial Intermediary”) complying with the criteria set out herein. It shall partly cover the credit risk associated to eligible Final Recipient Transactions granted by Financial Sub-Intermediaries included in the portfolio of guarantees (the “Portfolio of Intermediary Transactions”). Intermediary Transactions shall be covered at a guarantee rate of up to 70% (the “Counter-Guarantee Rate”).

The Counter-Guarantee is subject to a cap amount (the “Counter-Guarantee Cap Amount”).

This Counter-Guarantee Cap Amount is calculated as follows:

Actual portfolio volume (i.e. the portfolio volume as evidenced in the last Report received by the EIF prior to any such calculations, calculated as the sum of the principal amount of all included eligible Intermediary Transactions) x Counter-Guarantee Rate (as defined in the table below) x Counter-Guarantee Cap Rate (as defined in the table below)

The Counter-Guarantee shall constitute a financial counter-guarantee and shall cover losses incurred by the Financial Intermediary in respect of the guaranteed part of each defaulted eligible Intermediary Transaction up to the Counter-Guarantee Cap Amount (the “**Counter-Guarantee**”). For the purpose of alignment of interest, the Financial Intermediary will have to retain an economic exposure to the outstanding global principal amount of the Intermediary Transactions included in the portfolio of at least 20% of the amount guaranteed.

The capped Counter-guarantee will be provided by EIF free of charge to the Financial Intermediary. In addition to the Counter-guarantee, Financial Intermediaries may opt in to participate in Capacity Building, which is the provision of expertise on aspects related to financing in the CCS by Capacity Building Provider(s) selected by EIF. Capacity Building is also free of charge. The terms of the Capacity Building are explained in Annex IV of this Call for Expression of Interest.

The origination, due diligence, documentation and servicing of the Intermediary Transactions shall be performed by the Financial Intermediary in accordance with its standard origination and servicing procedures. Intermediary Transactions (according to pre-defined eligibility criteria on a transaction-by-transaction and portfolio basis) will be automatically covered, by way of submitting inclusion notices to the EIF on a quarterly basis until the end of the relevant inclusion period. In parallel, the Financial Sub-Intermediaries shall retain the direct client credit relationship with each Final Recipient (according to pre-defined eligibility criteria on a transaction-by-transaction and portfolio basis).

Complementarity with other financial instruments

- *Financial Instruments providing liquidity:* The Counter-guarantees provided under the the CCS GF will provide partial credit risk protection for a portfolio of Intermediary Transactions. If Financial Intermediaries and/or Financial Sub-Intermediaries deem it necessary and if available to them, e.g. through national or regional programmes or through other institutions, they may combine the credit risk protection provided under the the CCS GF with pure liquidity financial instruments supported through other sources (e.g. supplementary EIB global loans which would bring the potential to gain access to cheaper funding and pass on a lower interest rate to Final Recipients through a reduction of the funding margin).
- *Financial Instruments providing partial credit risk protection:* As indicated above, Counter-guarantees issued under the the CCS GF will provide partial credit risk protection. If Financial Intermediaries deem it necessary and if available to them, e.g. through national or regional programmes or through other institutions, they may combine the credit risk protection provided under the the CCS GF with an additional credit-risk protection instrument for such portfolio, provided that, for alignment of interest, the Financial Intermediary must retain an economic exposure to the outstanding global principal amount of the Intermediary Transactions included in the portfolio of at least 20% of the amount guaranteed.

Indicative terms of the Counter- guarantee

<p>CCS</p>	<p>means all cultural and creative sectors whose activities are based on cultural values and/or artistic and other creative expressions, whether those activities are market- or non-market-oriented, whatever the type of structure that carries them out, and irrespective of how that structure is financed. Those activities include the development, the creation, the production, the dissemination and the preservation of goods and services which embody cultural, artistic or other creative expressions, as well as related functions such as education or management. The cultural and creative sectors include <i>inter alia</i> architecture, archives, libraries and museums, artistic crafts, audiovisual (including film, television, video games and multimedia), tangible and intangible cultural heritage, design, festivals, music, literature, performing arts, publishing, radio and visual arts. A table listing NACE classes corresponding to the CCS definition is attached to Annex I and Annex II as Sub-Annex I (as amended from time to time).</p>
<p>EU Policy Objective</p>	<p>The cultural and creative sectors guarantee facility (the “Cultural and Creative Sectors Guarantee Facility” or “CCS GF”) aims at increasing access to finance of SMEs in the CCS through the provision of (Counter-) Guarantees. These Sectors count on specificities which make increasingly difficult the provision of finance to SMEs due to, <i>inter alia</i>, the intangible nature of their assets, prototype profile of their activities and the intrinsic need to take risks and experiment in order to innovate.</p> <p>Additionally, the CCS GF aims at improving the capacity of participating Financial Intermediaries to assess the risks associated with the CCS and with their projects through the provision of expertise in order to increase their understanding of the CCS (<i>inter alia</i> in aspects such as the intangible nature of collateral assets, the size of the market lacking critical mass, and the prototype nature of products and services). This provision of expertise takes place through the Capacity Building feature of the CCS GF. Financial Intermediaries receiving Guarantees may opt in to Capacity Building on a voluntary basis and free of charge.</p> <p>The main terms of the Capacity Building are explained in Annex IV of the Call for Expression of Interest.</p>
