	<p>in each case as such statement, list, directive or annex may be amended and/or supplemented from time to time</p> <p>Where the relevant support is not reserved for operations, projects or activities implemented in the same jurisdiction where the concerned Applicant is incorporated, the Applicant shall not be incorporated in or invest through a Non-Compliant Jurisdiction. 1. Terms and objectives of EIF EGF Investment

Policy rationale and strategic objective	<p>The long-term impact on Target Final Recipients supported by Main Financial Intermediaries across Participating Member States will depend on the length and severity of the COVID-19 crisis. However, a number of Target Final Recipients are already very strongly affected and will continue to be impacted in the short- and medium-term. Due to specifics of the venture capital and private equity industry, these Target Final Recipients require dedicated and tailor-made equity-like support.</p> <p>The objective of this product is to primarily, but not exclusively, support Main Financial Intermediaries in EIF’s portfolio which have limited or insufficient remaining undrawn capital to complete Follow-on Investments. In some cases, the EIF via TUF can support existing Main Financial Intermediaries to complete new investments in Target Final Recipients in combination with Follow-on Investments or on a stand-alone basis (alongside or not the Main Financial Intermediary) as the case may be.</p>
Structure	<p>TUF will be structured through two deployment modalities as per below:</p> <ul style="list-style-type: none"> • <u>TUF 1 – Equity top-ups through Side Financial Intermediaries:</u> Such increased commitments are to be structured through Side Financial Intermediaries. These increased commitments will expand the ability of the Main Financial Intermediary to provide additional financing either through (i) Follow-on Investments and/or (ii) New investments in Target Final Recipients. As a general principle, investments shared between Side Financial Intermediaries and Financial Intermediaries will be done pari passu and at the same terms and conditions.

Annex II to the Open Call for Expression of Interest to select Financial Intermediaries under EGF

	<ul style="list-style-type: none"> • <u>TUF 2 – Preferred equity top-ups through the Main Financial Intermediary or Side Financial Intermediaries:</u> To provide additional resources, EIF shall subscribe to a top-up on more senior terms relative to existing investors in the Financial Intermediary. The investment will entitle EIF to a priority on future distributions (i.e. will be reimbursed in advance of existing investors) up to the amount of the Preferred equity top-up, a contractually agreed preferred return and potentially also upside participation (on top of the Preferred equity top-up).
<p>Product requirements</p>	<p><u>For TUF 1:</u></p> <ul style="list-style-type: none"> • EIF EGF Investment to be set subject to EIF internal risk scoring. • EIF will seek to promote the use of hybrid-debt equity instruments for investments in Target Final Recipients given their less-dilutive nature and ability to defer the valuation setting. Use of hybrid-debt equity instruments will provide for higher ranking of the resources invested through side vehicles in comparison to the typical equity financing provided by the main Financial Intermediaries in the same Target Final Recipients. • EIF will generally seek match-funding on the level of the Side Financial Intermediary or Target Final Recipient, as the case may be, between EIF EGF Investment under TUF 1 on one side and the Main Financial Intermediary plus third party investors on the other side. EIF can deviate from this rule depending on undrawn capital in the Main Financial Intermediary available for matching as well as availability of third-party investors. In any case, EIF EGF Investment will be structured to respect the restrictions outlined in Investor Base of the Financial Intermediary. In addition, the EIF will ensure that the following aspects are respected: <ul style="list-style-type: none"> ▪ <u>In case of Follow-on Investments:</u> Main Financial Intermediaries have to provide upfront a list of Target Final Recipients that will benefit from Follow-on Investments via the Side Financial Intermediary, which will be pre-agreed at the time of the Side Financial Intermediary set-up. Follow-on Investments will be permitted in Target Final Recipient that (i) had demonstrated positive growth trend in the 2019 financial year with an expectation for further growth as of 31 December 2019 or (ii) were not already underperforming as of 31 December 2019 either financially, e.g. as valued by the Main Financial Intermediary below cost, or operationally. EIF will seek to ensure strong alignment of interests with managers of Financial Intermediaries and investors in Financial Intermediaries to prevent adverse selection and minimize conflict of interests. ▪ <u>In case TUF 1 is used for completing new investments in Target Final Recipients (alongside Follow-on Investments or on a stand-alone basis, as the case may be):</u> the EIF would strive to prevent adverse selection and minimize

	<p>conflict of interests between EIF EGF Investment, existing investors in the Financial Intermediary and the manager of the Financial Intermediary by pre-agreeing clear allocation rules between the Main Financial Intermediary and the Side Financial Intermediary for new investments in Target Final Recipients that should be accepted by all of the above mentioned parties.</p> <p>For TUF 2:</p> <ul style="list-style-type: none"> • EIF EGF Investment, contractually agreed preferred return and upside participation to be set subject to EIF internal risk scoring, risk profile of the individual Financial Intermediary and asset coverage considerations (the ratio of Financial Intermediary’s net asset value divided by the preferred equity top-up amount). The EIF will also ensure that the following aspects are respected: <ul style="list-style-type: none"> ▪ <u>In case of Follow-on Investments:</u> Financial Intermediaries have to provide upfront a list of Target Final Recipients that will benefit from Follow-on Investments, which are to be pre-agreed at the time of the EIF EGF Investment. ▪ <u>In case TUF 2 is used for completing new investments in Target Final Recipients</u> (alongside Follow-on Investments or on a stand-alone basis, as the case may be): EIF will seek to ensure strong alignment of interests with managers of Financial Intermediaries and investors in Financial Intermediaries. <p>The Minimum Allocation shall be reflected in the fund documentation.</p>
<p>Targeted stage</p>	<p>In terms of stage, the facility is expected to focus more prominently on Target Final Recipients in one or more of the stages listed below:</p> <p><input checked="" type="checkbox"/> Pre-seed / Seed</p> <p><input checked="" type="checkbox"/> Start-up</p> <p><input checked="" type="checkbox"/> Growth and expansion, including expansion through, when necessary, financing for acquisition of a business, replacement / transition capital for growth (excluding strategies intended for asset stripping).</p>
<p>Duration of EIF EGF Investment</p>	<p>The manager of the Financial Intermediary shall not, without EIF’s prior written consent, make or propose to investors in the Financial Intermediary to vote upon any amendments in order to extend the term of the Financial Intermediary beyond December 2036.</p>
<p>Investor Base of the Financial Intermediary</p>	<p>For TUF 1, at least 30% of total commitments to Side Financial Intermediaries or Final Recipients, as the case may be, excluding the EIF EGF Investment are made by independent private investment sources.</p> <p>In assessing compliance with the above requirements, the EIF may rely on a declaration, representation or undertaking from the Side Financial Intermediary.</p>

Annex II to the Open Call for Expression of Interest to select Financial Intermediaries under EGF

	For TUF 2, the EIF can provide the EIF EGF Investment funding up to the full preferred equity top-up.
Approval Period	The EIF may approve EIF EGF Investment until 31 December 2021, unless otherwise extended by EGF governance body.
Requirements	<p>Financial intermediaries receiving EIF EGF Investment:</p> <ul style="list-style-type: none"> i. Shall not engage in activities incompatible with the Guidelines on the EIF Restricted Sectors; ii. Shall not use EIF EGF Investment for a participation in any Excluded Final Recipients; iii. Shall not be established in a NCJ unless the operation is physically implemented in the relevant NCJ and does not present any indication that it supports actions that contribute to Targeted Activities. The EIF will provide relevant arrangements in order for the Financial Intermediary to transpose this requirement at the level of the Final Recipients; iv. Shall undertake to comply with applicable European Union law and agreed international and European Union standards and, therefore, not support actions that contribute to tax evasion or finance artificial arrangements aimed at tax avoidance. The EIF will provide relevant arrangements in order for the Financial Intermediaries to transpose this requirement at the level the Final Recipients; v. Shall acknowledge the EIF Anti-Fraud Policy which sets out the policy of EIF for preventing and deterring corruption, fraud, collusion, coercion, obstruction, money laundering and terrorist financing³ as amended from time to time, and shall take appropriate measures (as may be further specified in the relevant agreement) to (i) facilitate implementation of such policy as well as to (ii) undertake to support investigations performed by the EIF or the European Investment Bank, the EPPO, or the European AntiFraud (OLAF), or Court of Auditors (ECA) in connection with actual or suspected prohibited conduct.
