

**Capped Direct Guarantee under the
COSME Loan Guarantee Facility
Indicative Term Sheet**

Important Disclaimer

This summary term sheet is for information purposes only. This document is an outline of the principal terms and conditions for the product described herein, which are non-exhaustive and subject to change.

This document is intended to provide a basis for discussions and does not constitute a recommendation, a solicitation, an offer or a binding commitment – either implicit or explicit – on the part of the European Investment Fund (“EIF” or the “**Relevant Entity**”) and/or any other person to enter into one or more transaction(s). Any finance commitment by the Relevant Entity can only be made, inter alia, after appropriate approval, conclusion of legal due diligence and finalisation of the required legal documentation. The Relevant Entity does not act as adviser to you or owe you any fiduciary duty. The Relevant Entity does not make any representations or warranties (whether explicitly or implicitly) with respect to the information contained in this document.

Overview of the Capped Direct Guarantee

Financial Intermediaries must comply with the COSME Enhanced Access to Finance (“**EAF**”) Eligibility Criteria with the purpose of ensuring that the guarantee is provided to financial intermediaries providing enhanced access to finance to SMEs as per the COSME Programme objectives. Target SMEs for the COSME Loan Guarantee Facility (“**COSME LGF**”) are defined in the SME Higher Risk Categories¹, which provide diverse options for the financial intermediary to focus on financing to those SMEs with COSME support.

The credit risk protection shall be provided through a guarantee which shall be issued by EIF acting on behalf of the European Commission for the benefit of a selected financial intermediary (the “**Financial Intermediary**”) complying with the criteria set out herein.

It shall partly cover the credit risk associated with eligible Debt Financing granted to SMEs (“**Final Recipient Transactions**”) included in the portfolio (the “**Portfolio**”). Final Recipient Transactions shall be covered at a guarantee rate of up to 50% and typically set at its maximum (the “**Guarantee Rate**”).

¹ See page 10 of this indicative term sheet.

For the purpose of alignment of interest, the Financial Intermediary will have to retain a minimum 20% exposure of the outstanding global principal amount of the Final Recipient Transactions included in the Portfolio.

The Guarantee is subject to a cap amount (the “**Guarantee Cap Amount**”). This Guarantee Cap Amount is calculated as follows:

Actual Portfolio Volume (i.e. the portfolio volume calculated as the sum of the disbursed principal amount of all eligible Final Recipient Transactions issued by the Financial Intermediary as evidenced in the last Report received by the EIF prior to any such calculations) x Guarantee Rate (as defined in the table below) x Guarantee Cap Rate (as defined in the table below).

The guarantee shall constitute a financial guarantee and shall cover losses (relating to unpaid principal and interest, further reduced pro-rata by any recovered amounts) incurred by the Financial Intermediary in respect of the guaranteed part of each defaulted eligible Final Recipient Transaction up to the Cap Amount (the “**Guarantee**”).

The capped Guarantee will be provided by EIF free of charge to the Financial Intermediary.

The origination, due diligence, documentation and servicing of the Final Recipient Transactions shall be performed by the Financial Intermediary in accordance with its standard origination and servicing procedures. In this context, the Financial Intermediary shall retain the direct client credit relationship for each Final Recipient Transaction (according to pre-defined eligibility criteria on a transaction-by-transaction and portfolio basis), which will be automatically covered, by way of submitting inclusion notices to the EIF on a quarterly basis until the end of the relevant Inclusion Period (as defined below).

For specific terms and conditions applicable to the COSME Digitalisation Pilot, in addition or complementary to the terms outlined in this Annex, please refer to [Annex V](#) of this Open Call for Expression of Interest.

Complementarity with other financial instruments

- *Financial Instruments providing liquidity:* The guarantees provided under the COSME Loan Guarantee Facility will provide partial credit risk protection for a portfolio of Final Recipient Transactions. If Financial Intermediaries deem it necessary and if available to them, e.g. through national or regional programmes or through other institutions, they may combine the credit risk protection provided under the COSME LGF with pure liquidity financial instruments supported through other sources (e.g. supplementary EIB global loans which would bring the potential to gain access to cheaper funding and pass on a lower interest rate to SMEs through a reduction of the funding margin).
- *Financial Instruments providing partial credit risk protection:* As indicated above, guarantees issued under the COSME Loan Guarantee Facility will provide partial credit risk protection (up to 50% of the final loss, capped at the portfolio expected loss). If Financial Intermediaries deem it necessary and if available to them, e.g. through national or regional programmes or through other institutions, they may combine the credit risk protection instrument for such portfolio, provided that, for alignment of interest, the Financial Intermediary must retain a risk exposure of at least 20% to the outstanding global principal amount of the Portfolio of Final Recipient Transactions.

For the avoidance of doubt, Final Recipient Transactions may have longer maturities.</p> <p>An indicative chart of the structure is set-out below :</p>
