THE GUARANTEE AND COUNTER-GUARANTEE FACILITY UNDER HORIZON 2020 FRAMEWORK PROGRAMME WITH RESPECT TO RESEARCH & INNOVATION DRIVEN SMES AND MID-CAPS

OPEN CALL FOR EXPRESSION OF INTEREST
TO SELECT FINANCIAL INTERMEDIARIES
(Published on 4 August 2014
Amended and updated on 6th April 2020)¹

The objective of this Open Call for Expression of Interest (“the Call”), launched by the European Investment Fund, is to select eligible financial institutions to become Financial Intermediaries under the InnovFin SME Guarantee facility (the “Facility”), as further described below.

Overview of the changes introduced on 6th April 2020 to the Call for Expression of Interest

Introduction of coverage of Large Mid-Caps by the Facility

In order to provide for a single go-to market approach covering the growth needs of innovative enterprises, the Facility shall be expanded to include within its scope Large Mid-caps, on the terms provided in Annex II and Annex III of this Call.

Existing intermediaries shall be able to access these features without any application process by executing an amendment to their agreements in line with the specific Notice to Financial Intermediaries to be provided on the EIF website.

Introduction of coverage in support of digital transformation of enterprises

In order to support the uptake of digital technologies and digital transformation of enterprises, the Facility is also expanded to cover the financing of digitalization. To this end additional eligibility criteria for digitalization may be applied to new inclusions, as further set out for in the Annex II and Annex III of this Call.

Existing intermediaries shall be able to access these new features without any application process by executing an amendment to their agreements in line with the specific Notice to Financial Intermediaries to be provided in the EIF website.

COVID-19 Support measures

On 13 March 2020, the Commission published a communication on “Coordinated economic response to the COVID-19 outbreak”. In these circumstances, the Facility shall continue to provide support to innovation and digitalization driven SMEs and Mid-caps. Furthermore, as part of the policy response to address the economic disruption caused by COVID-19, the Facility has been amended to facilitate the availability of finance to businesses, in particular liquidity facilities and working capital finance.

In this context, additional budget is made available through the European Fund for Strategic Investments (EFSI) to the Facility resulting in additional Guarantee capacity dedicated to working capital finance, which under this Call is to be granted to Financial Intermediaries established and operating in EU Member States. As a result, a specific InnovFin SMEG COVID-19 Sub-window is opened under this Call For Expression of Interest with dedicated guarantee capacity of EUR 1.5 billion (the “InnovFin SMEG COVID-19 Sub-window”) as further described in the Schedule 1 to this Call. To access this guarantee capacity financial intermediaries will need to apply to this Call in the manner described in Schedule 1 of this Call.

Existing Financial Intermediaries established in any Participating Country that do not seek an additional (Counter-) Guarantee amount will be able to benefit from the improved terms with respect to the transactions to be originated as described in the COVID-19 schedule to the Guarantee Termsheet and Counter-guarantee Term sheet without any application process, by executing an amendment to their agreements in line with the specific Notice to Financial Intermediaries to be provided in the EIF website.

All applications for guarantees or counter-guarantees under the Facility to be submitted to the EIF shall conform to this Open Call for Expression of Interest. Any specificities relating to the application under the InnovFin SMEG COVID-19 Sub-window are set out in Schedule 1 to this Call.

1. InnovFin SME Guarantee facility

The European Commission Decision C (2014) 3758 of 10 June 2014 established the Facility, which is the debt facility established under Horizon 2020 Debt Financial Instrument targeting Research & Innovation driven SMEs and Mid-caps.

Under this Facility EIF shall provide guarantee and counter-guarantees to selected Financial Intermediaries, using a combination of the EU’s Horizon 2020 Framework Programme for Research and Innovation (2014-2020) contribution (“Horizon 2020”) and EIF’s own risk capacity.

The Facility is the successor to the Risk Sharing Instrument for Innovative and Research oriented SMEs and Small Mid-caps (“RSI”), which has been implemented on a pilot basis by the EIF as a compartment of the Risk-Sharing Finance Facility Co-Operation Agreement (“RSFF”) between EIB and EU.

Guarantees to be entered into under the Facility (the “Guarantee”) are further described in the Annex II to this Open Call for Expression of Interest.

Counter-Guarantees to be entered into under the Facility (the “Counter-Guarantee”) are further...

Applicants may send questions regarding the Open Call for Expression of Interest or the nature and
features of the (Counter-) Guarantees Agreements. EIF shall analyse such incoming questions and may publish from time to time the resulting answers in the form of FAQ (Frequently Asked Questions) document posted in the Facility section of the EIF’s website (www.eif.org). EIF reserves the right to update the FAQ document from time to time as and when it regards appropriate.

5. **Language and governing laws**

The Expression of Interest shall be prepared in English.

The terms of the (Counter-) Guarantee Agreement shall be in English. The (Counter-) Guarantee Agreement shall be governed by the laws of England.

6. **Submission of Expression of Interest**

The Expression of Interest shall be submitted before the Deadline by email.

The Deadline is 31 December 2020, provided that EIF may, at its sole discretion determine that the Deadline will end on an earlier date depending, inter alia, on the availability of the budgetary resources for the Facility or any amendment to the Horizon 2020 Agreement. Any change in the Deadline will be announced officially in the Facility section of EIF’s website.

The Deadline applies (i) in case of e-mails to the reception by EIF and (ii) in case of registered mail or professional courier service to the date of dispatch proven by the post office stamp or a dispatch receipt.

An acknowledgement of receipt will be sent to the relevant Applicants by EIF via e-mail, which shall state the following:

- unique application identifier (Expression of Interest number);

The acknowledgement of receipt shall not be construed as a declaration of completeness of the Expression of Interest and the documents submitted therewith, nor any kind of assessment or acceptance of the same.

Any personal data provided by the Applicants shall be processed by EIF in compliance with its Data Protection Statement (EIF statement on the processing operations of Applicants and Financial Intermediaries’ personal data, as published on the EIF’s website) and the Regulation (EU) 2018/1725 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies offices and agencies and on the free movement of such data, as amended from time to time. The EIF also processes personal data of final recipients, i.e. of individuals benefitting from EIF financial guarantees provided to financial intermediaries. More information here: Processing of Final Recipients’ Personal Data.

7. **Selection procedure**

Financial Intermediaries will be selected in due consideration of the general principles of transparency, equal treatment and non-discrimination, in compliance with EIF’s policies, rules, procedures and statutes and in conformity with best business and market practices.

The Expressions of Interest for the Guarantee and the Counter-Guarantee under the Facility shall be subject to the selection process. The budgetary allocation between the Counter-Guarantee and the
Guarantee, countries, regions or sectors is not set ex ante but shall be demand-driven.

Following the receipt of the Expression of Interest, EIF shall assess the applications pursuant to the selection process outlined in the section 7 of this Open Call for Expression of Interest. This process comprises:

1. Pre-selection
2. Due diligence
3. Selection

Following the pre-selection based on the Expression of Interest EIF shall perform a due diligence of the pre-selected Applicant, as a result of which EIF will decide whether or not to propose to its Board of Directors for approval entering into a (Counter-) Guarantee Agreement under the Facility. However, the decision to perform a due diligence visit shall be at the discretion of the EIF. Prior to presenting the proposal to its Board of Directors, EIF must obtain the European Commission’s approval of the proposal. The contractual negotiation process may not be considered concluded prior to the approval of the proposal by the European Commission and EIF Board of Directors.

In any phase of the selection process until and prior to entering into a legally binding agreement with an Applicant, EIF reserves for itself full discretion to consider or not Applicants (and Participating Entities as the case may be), and no Applicant or Participating Entity has any claim or other right or may expect to be ultimately selected as Financial Intermediary. Any negotiation of terms and conditions of (Counter-) Guarantee Agreements by no means entails any obligation for EIF to enter into such (Counter)-Guarantee Agreement with the relevant Financial Intermediaries.

EIF shall send a rejection notice to Applicants whose Expression of Interest was rejected during any stage of the selection process. EIF may, but shall not be obliged to, provide reasons of such rejection.

Those Applicants whose Expression of Interest is rejected, shall have the right to submit a written complaint by e-mail and registered mail or professional courier service, to the same address used for the submission of the Expressions of Interest above, within thirty (30) days of receipt of the rejection notice. Any complaints will be dealt with within the framework of and in accordance with the EIB Group complaints policy (for further information visit http://www.eib.org/about/publications/complaints-mechanism-policy.htm).

7.1. Pre-selection

Applications for the Guarantee and the Counter-Guarantee will be assessed by EIF for pre selection on the basis of the Expressions of Interest, on a “first come, first assessed” basis. When assessing the application, EIF will use its professional analysis and judgment.

Questions related to the Facility raised during the pre-selection process will be collected and published in the context of the FAQ as referred to above.

The pre-selection comprises:

1. Formal assessment of the application;
2. Evaluation of the application quality;
3. Assessment of the contribution of the application to the overall Facility.

Only applications that meet the formal criteria, as further described in the section 7.1.1, may continue to go through the quality assessment process.

In the quality assessment, as further described in section 7.1.2, EIF will evaluate the overall quality of the application. All criteria listed under section 7.1.2 are assessed at the discretion of EIF with equal importance, which means the pre-selection process does not give specific weight to any one of these criteria. Based on the quality assessment, EIF shall assign the “quality score” to the application, being A, B or C.
With respect to the existing Financial Intermediaries applying for an increase of the (Counter-) guarantee amounts the quality assessment conducted by EIF with respect to the Financial Intermediary initial application is retained.

EIF will also assess the likely impact of the expected Portfolio indicated in the application on the aggregate Facility, according to the section 7.1.3. Based on this assessment EIF shall assign the “portfolio score” to the application, being 1, 2 or 3.

Only applications with combined “quality” and “portfolio” scores A1, A2 or B1 are pre-selected. Applications with combined scores C1, C2 or C3 are not pre-selected. Applications with combined scores A3, B2, B3 are included in a reserve list, which remains valid until the Deadline.

The application classification table below summarizes possible pre-selection outcomes:

All Applicants will be sent a notification about the result of the pre-selection process. Pre-selected Applicants are advanced to the Due diligence phase of the selection process as referred to in section 7.2. Applicants listed on the reserve lists may be considered for pre-selection upon availability of the budgetary resources.

EIF may suspend or abandon the pre-selection process at any time and no Applicant may claim any right to be pre-selected or included on the reserve list as described above.

### 7.1.1 Formal assessment

EIF shall assess whether the application for the Facility has been prepared in accordance with the provisions of this Open Call for Expression of Interest according to the formal criteria:

   c. is not established in a Non-Compliant Jurisdiction, unless the Beneficiary Transaction and, if applicable, the Intermediary Transaction, are physically implemented in the relevant Non-Compliant Jurisdiction and do not present any indication that they support actions that contribute to targeted activities. The EIF will provide relevant arrangements in order for the Financial Intermediary and, if applicable, the Sub-Intermediary, to transpose this requirement at the level of the Beneficiaries;
   d. is not in the situation of exclusion, as validly represented in the form outlined in appendix 2 of Annex I to the Open Call of Expression of Interest;
   e. is not performing any R&I Excluded Activities, as validly represented in the Expression of Interest;
   f. is not subject to a decision on exclusion contained in the early detection and exclusion
system database, as validly represented in the form outlined in appendix 2 of Annex I to the Open Call of Expression of Interest;
g. does not perform activities which are illegal according to the applicable legislation of the country of establishment of the Applicant (or Participating entity), as validly represented in the form outlined in appendix 2 of Annex I to the Open Call of Expression of Interest;
i. has not been, in the past five years, subject to a final judgment or administrative decision by a national court or authority that the Financial Intermediary was created with the intent to illegally circumvent fiscal, social or any other legal obligations in the jurisdiction of its registered office, central administration or principal place of business, as validly represented in the Expression of Interest, as validly represented in the form outlined in appendix 2 of Annex I to the Open Call of Expression of Interest.

2. The Expression of Interest has been submitted and prepared in accordance with the Open Call for Expression of Interest and that all required representations, information and supporting documentation required thereunder are provided (in the form requested, where specified).

The applications that do not conform to the formal criteria are rejected. If the Applicant or any Participating Entity covered by the application does not comply with the formal criteria, the entire application is rejected.

7.1.2 Quality assessment

After the formal check of the received Expressions of Interest and after having obtained any additional information or clarifications from Applicants, if and as needed, the EIF will pre-select the Applicants (and any Participating Entities as the case may be) according to the criteria set out below, in no particular order of priority:

1. Financial capacity of the Applicant (and any Participating Entities as the case may be) as evidenced by its external credit rating and/or by the EIF financial analysis of the Applicant/Participating Entity;
2. Capacity of the Applicant (and any Participating Entities as the case may be) to manage risk;
3. Experience and ability of the Applicant (and any Participating Entities as the case may be) to enter into Transactions. This shall be assessed by EIF based inter alia on: track record of lending to (or as case may be of guaranteeing transactions with) SMEs and Mid-caps and the business plan for building a Portfolio);
4. Envisaged composition of the Portfolio, including its credit quality, granularity and diversification;
5. Level of Financial Benefit, as compared to standard pricing conditions for SMEs and Small Mid-caps;
6. Quality and plausibility of the Facility implementation proposal, with particular focus on: implementation and rollout strategy, proposed volumes, type of Beneficiaries targeted (SMEs/Small Mid-caps/Large Mid-Caps), financial products used under the Facility, expected Beneficiary Transaction size).

7.1.3 Portfolio contribution assessment

EIF, when making their pre-selection decisions will consider, inter alia, the impact of the application on the geographical distribution and the risk profile of the Facility. EIF will aim at the appropriate
composition of the Facility aggregate portfolio between Guarantees and Counter-Guarantees, adequate credit risk profile, granularity and diversification of the overall Facility. The credit risk contribution of the proposed Portfolio to the Facility shall be confirmed based on the results of the due diligence at the Selection stage (see 7.2)

7.2. Due diligence
Pre-selected applications will be followed up with the due diligence process, carried out in accordance with the EIF’s internal rules and procedures, where financial and operational matters relating to the Facility’s implementation shall be analysed in more detail. The aim of the due diligence is to assess the content of the application based on, inter alia, the ability to build up the envisaged Portfolio, the transfer of Financial Benefit, the risk nature of the envisaged Portfolio, the quality of origination, risk management, collection recovery/workout processes, systems and ability to comply with the reporting requirements. The due diligence may comprise an on-site visit, which shall be at the discretion of the EIF. The due diligence process does not comprise legal negotiations.

7.3. Selection
Subject to the satisfactory outcome of a due diligence and the European Commission’s approval of the proposal, the EIF may request its Board approval for an (Counter-) Guarantee to be entered into with the selected Financial Intermediary under the Facility. EIF has no obligation to enter into (Counter-) Guarantee Agreement with a (pre-) selected Applicant. The participation of any institution will depend, inter alia, on the budget available for the Facility and other considerations made by the EIF such as, without limitation: outcome of the due diligence, impact of the envisaged Portfolio on the Facility (as assessed at EIF’s discretion), result of negotiations with the Applicant.

8. Publishing of information on the Financial Intermediaries, Financial Sub-Intermediaries and On-lending Banks
EIF may publish, from time to time, on its website a list of Financial Intermediaries, Financial Sub-Intermediaries and On-lending Banks, which may include the name and the registered addresses of the Financial (Sub-) Intermediaries and On-lending Banks, types of contract entered into (a Guarantee or a Counter-Guarantee) and, in the case of Financial Intermediaries only, the respective (Counter-) Guarantee amounts.

The Financial Intermediary, Financial Sub-Intermediary or an On-Lending Bank may, prior to receiving financial support under the Facility, decide not to agree in writing to the publication requirement if it risks harming its commercial interests or risks threatening the rights and freedoms of individuals concerned as protected by the Charter of Fundamental Rights of the European Union. In addition such publication shall not be required if it would be illegal under the applicable laws and regulations.

---

6 EIF shall also publish the information on the Beneficiaries, as further detailed in the Annex II and Annex III to this Open Call for expression of interest.

7 The European Commission may request further explanation with respect to any claim to a right to non-publication.
