Reference number: Call for EoI No. JER-004/4

Introduction

The JEREMIE initiative is a framework providing a series of coherent actions to promote increased access to finance for micro, small and medium-sized enterprises.

The JEREMIE initiative in Lithuania is organised through the European Investment Fund (hereinafter, “EIF”) acting through the JEREMIE Holding Fund (hereinafter, “JHF”). Through the JHF, the EIF manages funds made available from the European Regional Development Fund (hereinafter, “ERDF”) and related public expenditure awarded for utilisation under the JEREMIE initiative.

As part of the Operational Programme for Economic Growth 2007-2013¹, the competent national authorities have agreed to dedicate resources to the implementation of the JEREMIE initiative with the EIF, in accordance with Article 44 of the Council Regulation (EC) No. 1083/2006² (hereinafter, “Reg. 1083/2006”) and in accordance with the provisions of the Funding Agreement entered into on 1 October 2008 between the Ministries of Finance and Economy of the Republic of Lithuania (hereinafter, “Ministries”) and EIF (hereinafter, “Funding Agreement”). Relevant rules for implementing Reg. 1083/2006 are set out in the Commission Regulation (EC) No. 1828/2006³ (hereinafter, “Reg. 1828/2006”).

The cooperation between the Ministries and the EIF acting through the JHF is governed by the Funding Agreement, which defines the type of cooperation and the operational modalities of the JHF financing expenditure in respect of an operation, as this term is defined in Reg. 1083/2006 (hereinafter, “Operation”) comprising contributions to support financial engineering instruments.

The EIF acting through the JHF is advised by the Steering Committee, members of which are nominated by the Lithuanian authorities (hereinafter, “Steering Committee”). EIF in its capacity acting through the JHF acts on the basis of its usual business principles and an investment strategy and planning for the implementation of the JEREMIE initiative.

The JEREMIE initiative is funded from the Operational Programme for Economic Growth for 2007-2013; Priority Axis 2 “Increasing Business Productivity and Improving Environment for Business;” Objective 3 “Improve Access to Financing Sources of SMEs.”

This Call for Expression of Interest targets financial engineering instruments referred to in Article 44 of Reg. 1083/2006 and is addressed to bodies or firms, whether public or private, which are interested in receiving resources out of the JHF for the activities in respect of Operations (hereinafter “Financial Intermediaries”). Such activities shall be carried out in accordance with the contractual agreements to be entered into by the JHF and the selected Financial Intermediaries (hereinafter, “Operational Agreement(s)”).

The Financial Intermediaries should express their interest by completing and submitting an Expression of Interest, a template of which is attached hereto as Annex 1.

Under the Funding Agreement, the EIF may be substituted in its role as JHF. In the event of such substitution, the Ministries, or the entity appointed by the Ministries as new JHF, will assume the full discretion and responsibility to perform the tasks of the JHF and to implement the Operations in Lithuania, and may take over the Financial Instruments. The Operational Agreements will provide for the possible substitution of the EIF, in order to allow the transfer of the Operational Agreements to the successor entity.

3. Description of the activities expected from the selected Financial Intermediaries

The selected Financial Intermediaries will have to implement a financial engineering instrument briefly described in the table below (hereinafter, “Financial Instrument”). A Financial Instrument shall either be set up as an independent legal entity governed by agreements between the co-financing partners or shareholders or as a separate block of finance within a Financial Intermediary. As provided by Reg. 1828/2006, a separate block of finance shall be subject to specific implementation rules within the Financial Intermediary, stipulating, in particular, that separate accounts are kept which distinguish the JHF resources invested in the Financial Instrument, including those contributed by the Operational Programme, from those initially available in the Financial Intermediary.

It is planned to allocate out of the JHF an amount up to EUR 25 million to the Financial Instrument.

See below list of indicative allocation and the relevant Annex setting out the Selection Criteria and the description of the Financial Instrument.

The indicative capital allocated to the Financial Instrument, as well as the amounts available for contribution by the JHF to the selected Financial Intermediary, may be changed as necessary, at EIF’s sole discretion, particularly if the funding available changes during the JHF implementation process or the demand for the Financial Instrument so requires.

To be noted that joint ventures and/or consortiums can express their interest as long as they indicate/nominate one coordinating entity as a contractual counterpart for the EIF for the entire term of the Operational Agreement (in case of selection). Such Applicants are required to submit one, joint Expression of Interest.

7. **Selection process**

When selecting Financial Intermediaries, EIF is committed to respect fundamental principles, such as:

- equal treatment,
The Expressions of Interest will be examined by the EIF, on a comparative basis, using professional analysis and judgment, according to the Selection Criteria.

The EIF will reject those Expressions of Interest which do not comply with the Eligibility Criteria. Financial Intermediaries, whose application is rejected because of non-compliance with any of the elements reflected in the statements regarding situations of exclusion (Appendices 4 and 5 to Annex 1 hereto), may not present themselves for consideration in subsequent Calls for the Expression of Interest unless it is specifically evidenced that the reason for the exclusion no longer exists.

The expiration of the Deadline shall not prevent EIF, in limited cases if deemed necessary, from requesting and receiving from Applicants clarifications on issues of a mere technical or formal nature, provided that such clarifications shall neither provide an opportunity to the respective Applicants to unduly improve their applications nor otherwise distort the competition between the Applicants.

Applicants, which are not excluded according to the Eligibility Criteria, will go through the EIF selection process based on the Quality Assessment Criteria. The further selection based on the Quality Assessment Criteria, and the due diligence process, if any, follows the standard procedures and guidelines applied by EIF to its business. The evaluation of proposals at this phase will be conducted under competitive terms and it is envisaged to select one or more Applicants.

In any phase of the selection process, EIF reserves itself full discretion to consider Financial Intermediaries and no Applicant has any claim or other right or may expect to be ultimately selected for financial support by the JHF. Any negotiation of terms and conditions of Operational Agreements by no means entails any obligation for the EIF and/or the JHF to enter into such Operational Agreement with the relevant Financial Intermediaries.

Financial Intermediaries, which do not receive contributions from the JHF, are informed accordingly; the reasons for their Expression of Interest being rejected will be clearly communicated to them upon request.

Those Applicants, whose Expression of Interest is rejected, shall have the right to submit a written complaint by e-mail and registered mail or professional courier service, to the same address used for the submission of the Expressions of Interest above, within thirty (30) days of receipt of the letter of rejection. Any complaints will be dealt within the framework and in accordance with the EIB Group complaints policy (for further info please click on the link or visit www.eib.org).

The Financial Intermediaries, with which Operational Agreements will be eventually signed, shall be required to comply with the EIF anti-fraud policy, available on the website of EIF (www.eif.org), and with the relevant monitoring, reporting, publicity and auditing obligations required by the EU regulations applicable to ERDF, and by the Funding Agreement. Such obligations are briefly described in the relevant Financial Instrument description documents, and will be defined in the relevant Operational Agreement.

Part I: Description of the Financial Instrument

Capitalised expressions utilised herein shall have the meaning attributed to them in the above mentioned Call for Expression of Interest.

1 Rationale
The purpose of the Financial Instrument is to support loans to Eligible SMEs by providing credit risk protection (in the form of a first loss portfolio capped financial guarantee) in order to reduce the particular difficulties that SMEs face in accessing finance because of the lack of sufficient collateral in combination with the relatively high risk they represent.

2 Presentation of the Financial Instrument
The guarantee (the “Guarantee”) shall be issued by EIF acting through the JEREMIE Holding Fund (“JHF”) for the benefit of a Financial Intermediary. It shall partly cover the credit risk associated to underlying, newly extended, eligible loans to SMEs (“Eligible Loans”) included in the guaranteed portfolio (the “Portfolio”).

In order to ensure an alignment of interest between the Financial Intermediary and the JHF, Eligible Loans shall be covered by EIF at a guarantee rate of 80%, subject to a maximum liability in respect of loan losses expressed as a guarantee cap amount (the “Cap Amount”) calculated on a portfolio basis as a percentage of the portfolio (the “Guarantee Cap Rate”).

The Guarantee shall constitute a direct financial guarantee and shall cover losses (relating to unpaid principal and interest) incurred by the Financial Intermediary in respect of each defaulted Eligible Loan up to the Cap Amount.

The origination, due diligence, documentation and servicing of the Eligible Loans shall be performed by the Financial Intermediary in accordance with its standard origination and servicing procedures.

In this context, the Financial Intermediary shall have the sole direct client credit relationship with each SME.

Eligible Loans (according to pre-defined eligibility criteria on a loan-by-loan and portfolio level) will be automatically covered, by way of submitting inclusion notices on a quarterly basis.

The Guarantee Fee will be set as a one-off upfront fee at 1% of each SME loan commitment times the Guarantee Rate.

**New Portfolio**

Example: stimulates EUR 60m of new SME lending, i.e. a min. leverage of 6.25x

The credit risk retained by the Financial Intermediary shall be 20% of the Portfolio (on a pari passu basis with EIF). |
| Governing law and language | The terms of the Financial Instrument shall be in the English language and the Financial Instrument is envisaged to be governed by the laws of England. |

  i) if any loan is prepaid and/or repaid, then this shall not reduce the Actual Volume; and

| Events of Default under the Financial Instrument | Standard events of default (typically: failure to pay, breach of agreement, illegality and bankruptcy). The occurrence of an event of default with respect to the Financial Intermediary would result in the termination of the Operational Agreement (such event, an “Early Termination”).
